Ruth Lewis

The Annual Staff of Cajon High School would like to dedicate this years annual to one of our best and most devoted student counselors, Mrs. Ruth Lewis.

To say Mrs. Lewis is dedicated to her job has to be some sort of an understatement. Just to prove what a wonderful job she has done in the two years she has been at Cajon, take a look at these figures. In the 1970-71 school year one third of Cajon's senior students received a variety of scholarship grants ranging in value from $50.00 to $15,000.00. In the 1971-72 school year 66 of the 305 seniors received scholarship grants worth a total of $262,018.

In addition to her duties as a counselor she spends much of her time with the two clubs she sponsors, Sobobans and C.S.F. She arranged many exciting off campus educational, as well as fun, trips to college campuses with the C.F.S. club members.

Mrs. Lewis is truly an outstanding woman and a most important person on the counseling staff. With gratitude for all the counseling, guidance, and enjoyment you have given us, we thank you, and dedicate in return "THE VAQUERO 1973."

FOREIGN

My name is Jose. I am from northern Spain and I came here with the AFS. My city Bilbao (4, 000, 000 people), is an industrial city and a seaport. It is the most important of the Basque country which is composed of four provinces in the northern part of Spain. The Basque people feel that they are different in some ways from the rest of the Spanish people because they speak Basque, which is unlike any other language in the world.

Here I am staying with the Twichell's and I think they are a great family. Here, like in Spain, I have two brothers, so the size of my family has not been changed. I have already graduated in Spain, when I go back I will go to college. I will try for my Masters in Biology.

To tell the truth the school is not very exciting here. It is easier than over there too. You don't have to memorize as many things. But somethings I find interesting is the many different activities and sports you can choose from. Actually, besides the school, the AFS activities and the water polo practice take almost all my time.

I would like to thank everybody in school who is helping me to feel like any other friend and I will do it in Basque; "Ezkarri kasko."

EXCHANGE

A view from my window

My name is Pernelle Krogh, I am from Denmark and I live in Copenhagen; the capitol of Denmark. Denmark is a little country with only 5 mil. people, and 1 mil. live in Copenhagen, so that is quite a big town for us.

I arrived on the first of August and I liked San Bernardino very much from the very first day. We don't have mountains in Denmark at all, so I enjoy so much to wake up every morning and see the mountains right outside my window. People always ask me what there is really different, and that is hard to answer because people are the same all over the world. But I can say that everything is much bigger here, the cars, the houses, yes even the hamburgers! I would like to thank everybody at this school for the help and the nice way you welcomed me. I hope that if any of you go to Europe you will get the same warm welcome.

This year Cajon claimed the right to life, the strength of unity brought us out of the darkness of new and we established our own traditions. Stressing individuality we accomplished what every school seeks, Pride, and that self assurance of being somebody.

The patterns that we as a body set forth were challenging and more effective than any pattern in which we could follow. With a unique student government and many assessing factors we progressed. Knowing not what each day had in store but welcoming each experience with open arms.

In our lives of tomorrow, this years reflection will be one of good courage. We've won because we are on our way. For once the Sophomores, Juniors, and Seniors, for once, the Black, the Whites, the Browns, for once the radical, liberal, and conservatives, for once we all are one.

Now that we have a basis we will continue with force and determination to sign in unity "NO MATTER HOW HARD YOU TRY YOU CAN'T STOP US NOW."

I can count on me for it.
I don't do anything that I
wouldn't do + I know
you'll do some of it after
me. Love ya

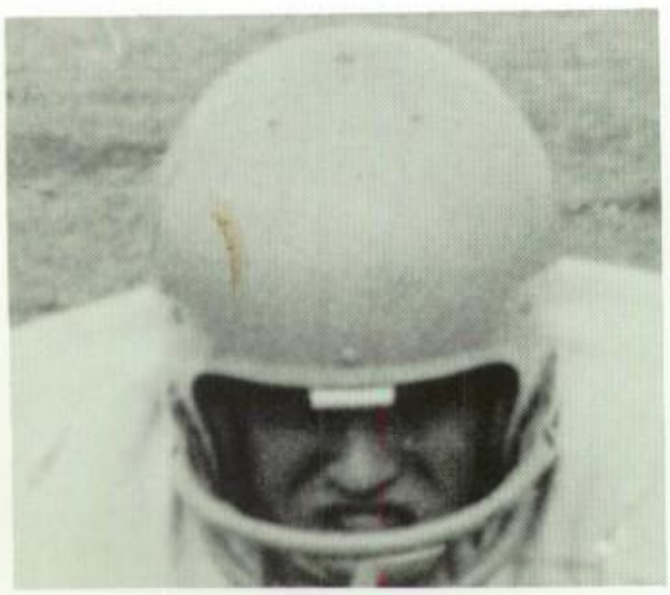
We were conditioned both physically and mentally as practice began last August, with a hot 100° temperature. We were lookin' good--offense was fast, defense strong.

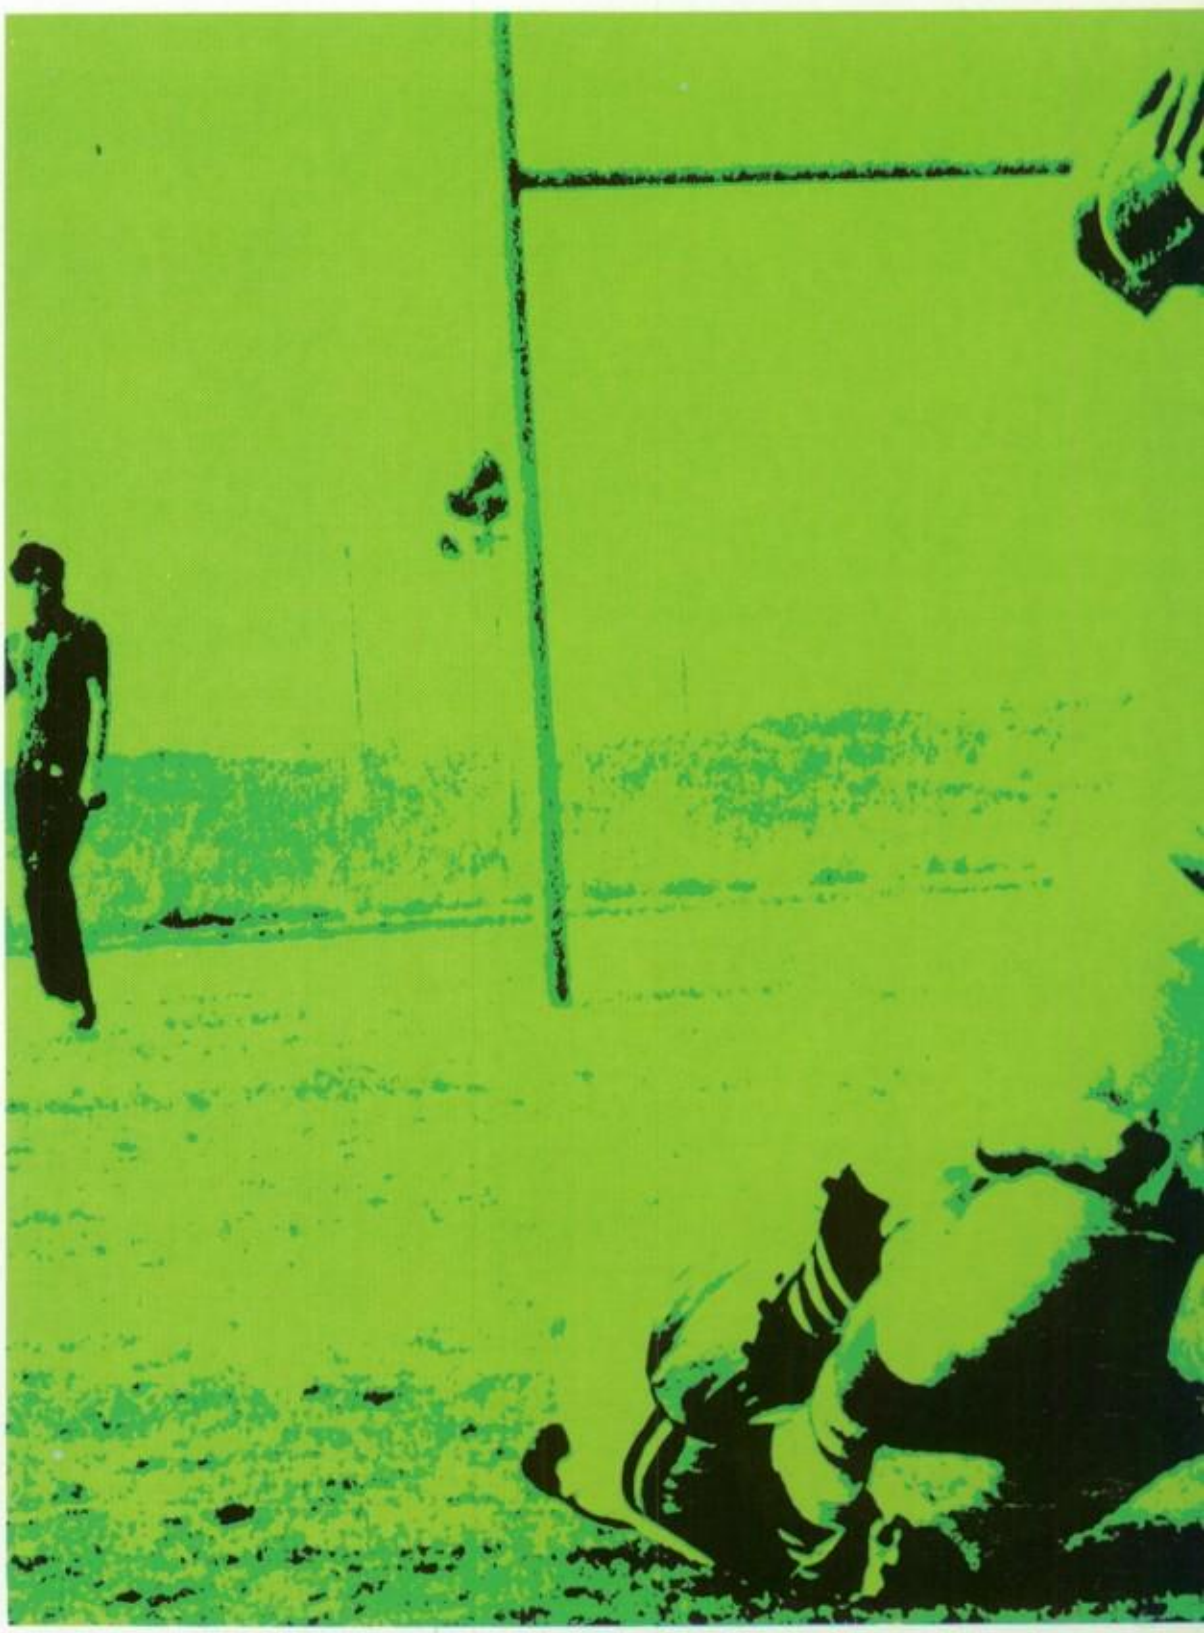
...And the season began

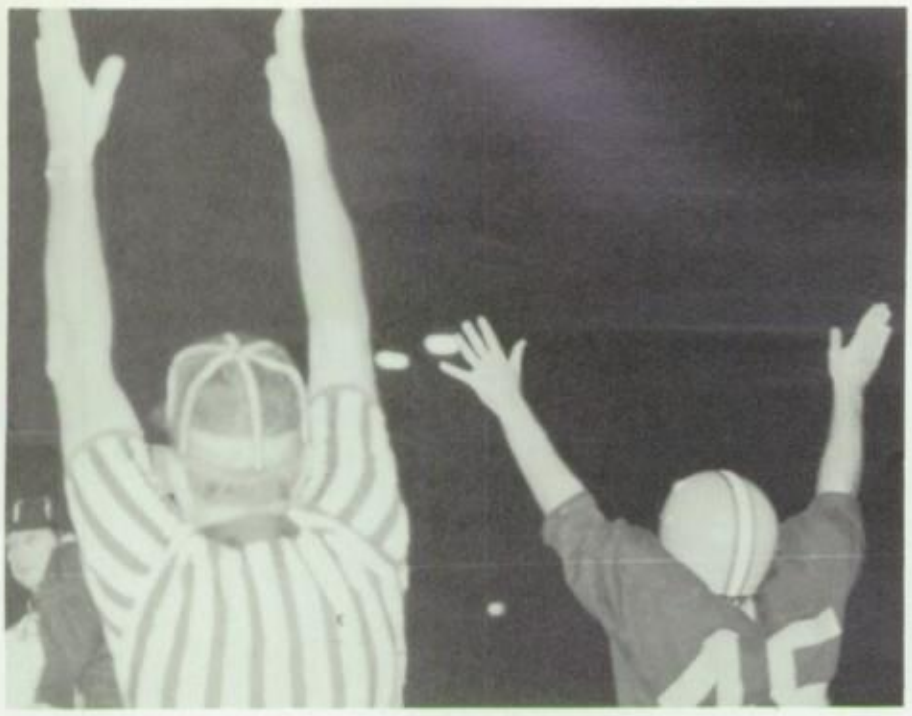
Statistic placed us at the top of the line-up. The scrimmage game with the Colton Yellow Jackets encouraged us even more.

We had it down pat!! The famous "WISHBONE T" And then--------snap!! We were on the short end and needed a lot more than a wish.

Determined and spirits high----- But we lost again, and again.







The season's half over and we're tied for last place.

"It doesn't matter if you win or lose, but how you play the game."

Who ever wrote that quote didn't play football.

We have a good team, a great coach--and four more games to go.

Winning by a basket, losing by a point and going into double overtime is an example of our competitive spirit. We can proudly say we were never a push-over team. At times we didn't know whether we were playing against the other team or the referees. The Cowboy team managed to place fourth in the San Andreas League.

Let Me Be
by Ron Adams

Let Me Be,
For I am the phases of the moon,
The darkness it reflects,
The hush it brings.

Let Me Be,
For I am the forthcoming sun,
And when I bestow myself
I blaze upon you.

Let Me Be,
For I am that sun,
Only to return
As the hush of the moon.
I am forever changing,
Let Me Be.
